INSIDE THIS ISSUE

ROW YOUR BOAT GENTLY DOWN THE STREAM

When my dad died in 2003 and then my mom died in 2014, I found myself at these times spending a lot of time and energy looking back. Of course, this is a natural response when we experience the greatest of losses in life, such as the death of a parent or a longtime spouse. Dwelling in the past with enormous amounts of mental and emotional energy like this is very much a part of the grieving process for up to a couple of years afterward. However, we can sometimes become stuck in the past — year after year and even decade after decade — and this imprisonment in the past drains us and robs us of being fully present right here and now. But thanks be to God we can become unstuck in the past by the good news of Jesus Christ our Savior and Lord!

By God's great mercy, we have been reborn into a living hope through the resurrection of Jesus Christ from the dead. And this great hope lifts us up and rescues us from being hopelessly and endlessly struck in the past and in our grief. As St. Paul the Apostle of Christ writes in his second letter to the Christians of the City of Corinth:

"Therefore we do not lose heart. Though outwardly we are wasting away, yet inwardly we are being renewed day by day. For this slight momentary affliction is achieving for us an eternal glory beyond all measure. So we fix our eyes not on what is seen, but on what is unseen, since what is seen is temporary, but what is unseen is eternal." – (Second Corinthians 4: 16-18)

Similarly, we can be tempted into the trap of being overly focused (to the point of obsession) with the future. We can exhaust ourselves with worrying about what the future might hold for us. Yet again, we can find ourselves drained and robbed of being fully present right here and now, except this time the culprit is our anxiety about the future. However, the cure for this obsession is the same cure that saves us from being stuck in the past. The cure is the good news and eternal hope of Christ! For our Lord Jesus teaches us with his immortal words in chapter 6 of the Gospel of Matthew and in chapter 14 of the Gospel of John:

"Therefore I say to you, do not worry about your life... But seek first the kingdom of God and his righteousness, and all these things shall be added to you. Therefore do not worry about tomorrow, for tomorrow will worry about its own things. Sufficient for today is its own trouble." – (from Matthew 6: 25-34)

"In my Father's house there are many dwelling places. If it were not so, would I have told you that I go to prepare a place for you? And if I go and prepare a place for you, I will come again and will take you to myself, so that where I am, there you may be also... I am the way, and the truth, and the life. No one comes to the Father except through me. If you know me, you will know my Father also. From now on you do know him and have seen him." – (from John 14: 2-7)

In other words, we should not obsess about what the future might hold for us, because we know The One who holds our future in his hands — our Heavenly Father. And because our Heavenly Father has provided his only begotten Son to bring us forgiveness, atonement and renewal of life, we have an all-surpassing future hope. Christ is risen, and we shall arise! He is the Lord of all life and light and love, and this wonderful Lord is also the Lord of our everlasting future together.

Therefore, we need not fret over the impermanent nature of this temporary earthly existence that we all must journey through. It is a temporary condition during which we experience all sorts of tests and trials, but it is only momentary compared to the eternal glory that awaits us through Christ. For again as the Apostle Paul writes,

"We fix our eyes not on what is seen, but on what is unseen, since what is seen is temporary, but what is unseen is eternal."

Yes, the gospel of Christ empowers us to more gently row our boats through this life. Not futilely rowing backward against the flow of time, stuck in the past. Not frantically and exhaustingly rowing forward with great anxiety about the future. Rather, we are enabled to row gently down the stream, mentally and emotionally present in the here and now, by the power of the faith, hope and love of our Lord Jesus Christ.

May we indeed learn to row our boats more gently down the stream of this life — merrily, merrily, as the old song goes — for we can do all things through Christ who strengthens us.

Good Lent & Blessed Holy Week!!!
Pastor Tim

THE THREE DAYS (TRIDUUM)

(One worship service in three parts over three days)

Maundy Thursday (Triduum Part I) March 29—7:00 PM

The word "Maundy" means mandate or commandment, and it refers to the Love Commandment of Jesus Christ. Consequently, the Maundy Thursday worship service centers on three significant things. First, the Church hears Jesus' command to love one another as he loves us (sometimes illustrated by a ritual foot washing). Second, we celebrate the meal of eternal deliverance, taking our place at the holy supper Jesus shared with his disciples on the night in which he was betrayed. Third, at the end of the service, the lights are dimmed and **the altar is stripped bare** while Psalm 22 is read, foreshadowing the commemoration of the crucifixion of our Lord on Good Friday.

Good Friday (Triduum Part 2) March 30—7:00 PM

This day is the second part of the Liturgy of The Three Days, which extends from Maundy Thursday through the Easter Vigil on Saturday night. As the Church gathers to remember the suffering and death of Jesus on this day, the altar is dressed in black, and we focus on the significance of the sacrificial love that Jesus showed us upon the cross of Calvary.

Easter Vigil (Triduum Part 3) Saturday, March 31—7:30 PM

On the night before Easter morning, Christians around the world gather to celebrate Christ's passage from darkness to light, from death to life. This Easter Vigil service is the other candlelight service of the Church calendar. This special Holy Week service includes strong signs: a new fire in darkness, light spreading from the light of Christ, the water and Word of baptism, and the first resurrection meal. It also includes powerful words: the great stories of salvation from the Holy Bible and the first Gospel reading for Easter. As the altar is changed from the black of Good Friday to the white and gold of Easter, we keep this wondrous night of the resurrection in a spirit of joy. Our handheld candles and our inner spiritual lamps are lit, as we begin our Easter celebration. Alleluia! Christ is risen! And Christ will return!

Church Council Highlights

Here are some of the items discussed at the **FEBRUARY** Church Council meeting:

- Pastor Tim opened the meeting by reading from a Greater Milwaukee Synod resource on neighborhood outreach. After some Council discussion, Pastor Tim lead us in prayer.
- The Church Council will be serving dinner to our homeless neighbors at Divine Intervention on February 27.
- The Lenten services will focus on the four majority religions of the world: Hinduism, Buddhism, Christianity and Islam.
- There is a "scheduled maintenance" sheet hanging in the utility room. This sheet lists items to be checked regularly. The facility "hit list" hangs in the utility room also. This second list is a list of repairs needed for the church.
- Ahern will need another \$2,630 to bring the church up to fire code and safety standards. These are additional
 deficiencies that were found during the initial inspection. Sean McGinty made a motion to accept \$2,630, Sandy
 Eigner seconded the motion, motion carried.
- ♦ The Evangelism committee would like to extend the length of the rummage sale. The rummage would take place on the following dates: June 7,8,9,15 and 16, 2018. Council approved to extend the rummage sale. Not sure if this will include the book sale at this time.
- Currently four members will be attending the ELCA Youth Conference in Houston: two youth and two adults.
- The church has three upright pianos and we only need two. Larry Markiewicz has a friend that refurbishes pianos who is interested in the small upright piano. Council gave the approval for his friend to have the piano.
- Folding chairs were offered to the congregation. The remaining will now be donated to Sean McGinty's friend who is starting up a new church. Pastor Tim moved to give the folding chairs to Sean's friend for their church, Sandy Eigner seconded the motion, motion carried.
- A few members along with Pastor Tim will be working on the website to improve the site.

For more information on any or all of these items, please check the complete Council minutes posted on the kiosk in the Gathering Space or contact one of your Council representatives.

Update on Nkoaranga Hospital in Tanzania

With generous contributions from members and friends of the Greater Milwaukee Synod, the entire electricity system at Nkoaranga Hospital was updated. New poles, power lines, and a dedicated transformer were installed. In addition, new switch-over boards were placed in every department. The project has had a great impact. Machines like the autoclave that used to break down are now functioning without any problem. Other machines, and even the light bulbs and computers, are much better protected as the generator switches on automatically during power outages making it safer for patient care. The improved power was also required to provide more consistent electricity to the badly needed X-ray system.

Thanks to the Doctors of Feuerkinderteam and the German Rotary, the X-ray system was installed just before Christmas and the first X-ray was taken on Christmas Day. Since then hundreds of patients have been spared the grueling 42-kilometer roundtrip to Arusha for an x-ray, and patients can be assigned to the proper department and quicker treatment.

This patient pictured, for example, had an accident while travelling on the back of a motorcycle. At first he went to a local healer who called himself a 'bone setter,' and he thought that his problem would go away after being treated by him. However, he felt that the pain and swelling increased and decided finally to get another opinion from a doctor. He was first seen by a clinical officer in the hospital who sent him for an X-ray. Dr. Kiwesa decided surgery was needed and an ankle fusion was performed. The patient is recovering, and he is expected to regain full function of his foot and ankle.

These are just a few of the improvements at Nkoaranga Hospital spearheaded by Tanya Van Braekel, who is responsible for identifying needs, working with donors, and managing each project. Under her leadership there have been significant improvements in hospital finances and employee retention. The Greater Milwaukee Synod has been funding her salary which has resulted in the hospital becoming a tremendous asset in Meru. Thanks to Tanya and all the partners of Nkoaranga, the hospital is heading toward being self-sustaining which will ensure its viability in the future.
